## **Boil Buddies**

### **Applied Control Engineering, Inc.**

<http://www.ace-net.com>

Since 1991, ACE has helped manufacturing, controls, and engineering professionals in every aspect of automation, process control, and systems integration. From platform selection and design, to start-up and validation, as an independent systems integrator, ACE helps customers select the right solution and then implement it on time and on budget.

### **F S Welsford Company**

<http://www.fswelsford.com>

F. S. Welsford Company specializes in providing valves and instrumentation for the industrial and manufacturing fields in Pennsylvania, New Jersey and Delaware. Our clients include the food, pharmaceutical, petroleum and chemical industries as well as having a pricing agreement with Chemours and Dupont.

### **North East Technical Sales, Inc.**

<http://www.netechsales.com>

We have been providing solutions for Industrial, Commercial and Municipal applications since 1973. Our capabilities include YSI and Thermo Scientific Water Quality Meters, Vega Americas Radar Level, Honeywell/Enraf Precision Level plus Injection and Blending Systems, Scott Instruments Gas Detection Systems, Toshiba Mag Meters, Sierra Instruments Thermal Mass/Vortex Flow Meters and Flow Controllers, TTEC Temperature Sensors, Calibration Gases plus installation and service contracts.

### **YSI**

<https://www.yisi.com/>

YSI has served the environmental, water quality and Life Sciences markets for over 65 years. We offer a wide variety of instrumentation for in process, portable or lab analysis for all your analytical needs. Our local representatives are North East Technical Sales, please speak with Joe Gunn for any of your instrumentation needs.

## **PAS Inc.**

<http://www.PAS.com>

PAS provides process safety, cybersecurity, and asset reliability solutions for the energy, process, and power industries worldwide. Our ICS cybersecurity, Automation Asset Management, and Operations Management software and services support safe, secure, profitable, and compliant operations across the complex, heterogeneous, and proprietary process automation infrastructure

## **Rockwell Automation**

<http://www.rockwellautomation.com/>

Through the convergence of control and information systems, Rockwell Automation's Integrated Architecture delivers plantwide optimization, machine builder performance, and sustainable production and serves as a foundation to help you improve productivity with better asset utilization and system performance.

## **Rumsey Electric**

<http://www.rumsey.com/>

Rumsey Electric is the area's leading supplier of automation controls, software, and services as the local authorized source for Rockwell Automation / Allen Bradley.

## **United Electric**

<http://www.unitedelectric.com/>

United Electric is an employee-owned supplier of electrical products and solutions for the construction and industrial markets it offers the full range of products and services with concentration in seven major areas: industrial automation, lighting, wire/cable/conduit, gear and control, data communications, electro-mechanical and energy solutions. United Electric is the local supplier of choice for Schneider/Square D products, including the Modicon and Telemecanique brands.

## **TRIFLOW CORPORATION**

<http://www.triflowcorp.com/>

TRIFLOW CORP is an exclusive Manufacturer's Stocking Representative and Automation Center covering the Mid-Atlantic/Northeast for Industrial Valves, Control Valves, & Valve Monitoring @ Control Devices, along with high alloy Pipe Fabrication. We have successfully installed Control Valves up to 24" in steam & 54" @ 1250 F Gases. We will be featuring: DeZURIK Rotary Control Valves; ADAMS Triple Offset; MOGAS Flexstream Control Valves; Westlock Controls; Rotork Controls; & VAC I/Ps. See you at the Shrimp Boil! Our 27th year!

## **Neal Systems**

<https://www.nealsystems.com/>

Neal Systems Inc (NSI) is a supplier of instrumentation and automation solutions for (process, safety and efficiency), control elements, data recording, SCADA and control systems, and industrial networking. Major product lines include Foxboro, Draeger, Servomex, Samson, Eurotherm, MTL, Metrix, EXPO, and Shand & Jurs. We have a full solutions team with ability to provide commissioning, startup, programming, and engineering / maintenance services. With 30+ years servicing companies in the greater Wilmington/Philadelphia region, our customers love working with NSI because of our dedication to customer service and strong engineering / application knowledge.

## **Wilmington Section - ISA**

<http://www.isa.org/~wilmdel>

The International Society of Automation (ISA) is a leading, global, nonprofit organization that is setting the standard for automation by helping over 30,000 worldwide members and other professionals solve difficult problems. Based in Research Triangle Park, North Carolina, ISA develops standards; certifies industry professionals; provides education and training; provides forums for exchanging solutions; publishes books and technical articles.
